They are looking
for a boat from
Dawson. Well it whistled
just as I wrote that and
I grabbed a coat + hat
with the rest of the
Population and ran for
the docks. They were
pushing a large barge
ahead. I will write
mamma a letter maybe
tomorrow. It will go
on the same boat as
only part of the boats
carry mail. I don't
suppose I'll get any
more mail before
I leave.
