I went through this
cannery on the way up
here and will say most
of us ordered salmon for
dinner that day for there
is nothing dirty about
canning salmon except
the faps and they
wear rubber gloves.
We stoped here about 2 hrs
to load + unload several
carloads of freight and
is sure a most
wonderful trip for
anyone. I have seen
a lot of fur also a
large number of game
heads. In this hotel office
there are 2 moose 4 sheep
5 Coubar heads,
